

December 2017

It is the end of the school year at Mweruka Junior School. Summer break is December and January. We would like to share with you some of the children's accomplishments.

Children's Awarding Program

The teachers at Mweruka Junior School have instituted a new program, "Children's Awarding Program (CAP)." Awards were given on Speech Day (graduation or promotion day). Below is their report. Awards were given to students in Pre-K, K, P1-7.

"This is the Children's Awarding Program for the last trimester in the year 2017 of Mweruka Junior School.

Key:

C.A.	Classroom Attendance
E.U.	English Usage
S.P.	Scholastic Performance
P.H.W	Proper Hand Washing
P.U.E.	Participation in School Activity
L.S.A.	Leadership in School Activity
T.R.L.B.	Timely Return of Library Books
P.S.	Pupils' Smartness

NOTE: There are nine items each carrying 10 credits. Each class teacher awarded his or her pupils and we managed to take the best three from each class making up a total number of 28 pupils in the school who are going to receive their gifts on the school's Speech Day which is going to take place on Wed. 29.11.2017. The children are being observed since second term and we hoping to distribute the gifts on the day when the school ends (29th Nov) where the school will hold a speech day. On behalf of the school I am requesting \$300 to buy the gifts."

Your generous donations allowed BOJ to fund "Children's Awarding Program." Thank you.

Scholarship Program

If graduates of Mweruka Junior School desire to continue with high school (4-6 years), they need to pay high school tuition. Some of the BOJ sponsors have helped their child by paying for their tuition and room and board. One donor sponsored their student, Matthew, through HS and college. Last month Matthew graduated from college. MJS has asked if we, BOJ, through a scholarship, would fund two of this year's top graduates. This is their request.

"The teachers selected the following two pupils for various reasons such as discipline and academic performance to be helped in their high school of which both of them are found in primary seven. These are: Mulindwa Kennedy

Very Disciplined

Too Obedient

He is so serious with his studies

Ever he presents himself smart

Kivumbi Aloysius

Academically performing highly but is an orphan with no one assisting

He is talented football wise

Obedient and disciplined"

The cost of each student scholarship is \$200 (tuition plus room and board) per trimester or \$600 per year. Blessing of Joy has begun gathering funds for these scholarships and welcomes contributions toward the high school scholarship program.

Electricity for MJS

As you are probably aware Mweruka Junior School has water from a well that was dug last year. Like the villages around the school, it has no electricity. Bringing electricity to the school or villages would be expensive. The cost of electricity is quite high. Godfrey, new administrator for the school, is a college graduate in electrical installation. Godfrey sent us a grant, which requested funds (\$3,500) to install solar electricity. This would provide electricity to each of the school buildings. Through generous support from several donors, funds have been received to support installation.

Our Lord has truly blessed the school and the children this past year. We give thanks to God for guidance. We thank each of you for your love and support for the Children of MJS.

We wish you a Merry Christmas and a new year filled with love and joy.
