

FEATURED NEWS

Hooray, School is Open!

As most of you know by now, after over 20 months of being closed due to a "covid holiday," schools in Uganda have reopened, beginning their new school year this January, 2022.

Children will again be able to continue their learning, receive a nutritious school lunch each day, learn about Jesus in weekly classes and prayer before each meal. With a maximum of 50 students in a class, Mweruka Junior School has 400 plus students registered.

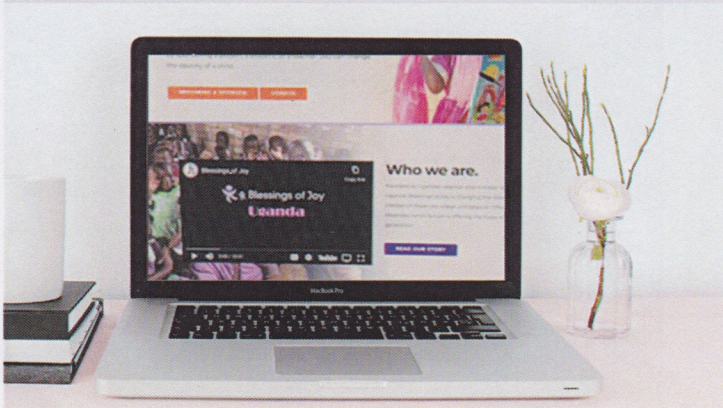

Collapsed Latrine Replaced! Financial help needed

The 15 year old pit latrine collapsed. Based on an enrollment of 400 students, Mweruka Junior School fell out of government compliance for primary schools. Just prior to school reopening completion of a 6-stall latrine returned MJS to compliance. The total cost was \$4,442. Our funding campaign is \$2,900 short of meeting the cost. Please help us reach our funding goal of \$4,442. A donation card is enclosed. Thank you for your generous gift.

Namaala Tracy

Meet Tracy, one of our children needing sponsorship.

Birth Date: 3rd April 2006

Student's Current Age: 15

MJS Grade Level: Five

With a welcoming smile, Tracy is well disciplined both at home and at school and is respectful to both her teachers and her guardian, Gaudencia. Gaudencia has been caring for Tracy since she was a toddler. Neither Tracy's father or Gaudencia are financially able to keep Tracy in school.

Sponsorship will provide for Tracy's school tuition, a daily nutrition-fortified school lunch, a school uniform including a pair of shoes and

socks, plus school supplies. You will also help her guardian with a monthly ration of 2 sacks of cornmeal, powdered milk, blocks of soap, toothpaste, Vaseline and shoe polish. Sponsorship also provides for special needs such as medical care, mosquito netting, mattress, clothes, a special gift from her sponsor at birthday and Christmas.

More children need sponsorship.
